

Andrew White graduated from Michigan State University with a Bachelor of Science in Computer Engineering and specialization in Biomedical Engineering. He is part of the multimedia staff and Vacation Bible School staff at Calvary Christian Church in Royal Oak. He is a high school instructor for home school groups since 2018 and has several years experience in private tutoring. He was a children's instructor at Mad Science in Metropolitan Detroit, Bricks 4 Kids in Troy, and The Great Adventure Lab in Metropolitan D.C. His special interests are in designing, fabricating and testing a unique automated knitting machine, playing piano for the elderly at a local retirement home, serving in multimedia at church, and cooking and baking for special events and fundraisers.
