Required Materials (To Be Supplied by Family)								
Exploring Creation with Biology, 2nd Ed. by Wile and Durnell from Apologia Ministries (Text Only) Two (2) notebooks – one for “On Your Own” and “Study Guide Questions; one for all lab work								
Description								
In this class, students will fulfill their high school requirement for Biology. Class will not be strictly lecture. Each week there will be a chance for students to ask questions to clarify any trouble spots from the reading. This will be a fully interactive science course and will fulfill any extra lab requirement students may have. Students will complete a leaf collection and will dissect an earthworm, crayfish, perch and frog.								
Homework / Expectations / Other Info								
Modules will be read at home and test will be taken in class. Students will be required to do and check On Your Own questions and do Study Guides at home for each Module. (At least one hour of homework each day.) A daily study guide will be provided to help students manage their homework time. Lab: Lab reports must be completed each week at home and turned in the following week.								

*Materials Fees and Instructor Fees are per semester unless otherwise indicated in the Other Information.

* Credit Hours: COVE does not issue high school credits. These are suggested credit hours to be assigned by the parents. Suggested grade is given by teachers. Final grade assignment is the responsibility of the parent.
