Pre-Requisites							2nd semester: New Students?	
none							no	
Required Materials (To Be Supplied by Family)								
Exploring Creation with Advanced Biology: The Human Body, 2nd Edition Student Notebook composition notebook and colored pencils microscope, use of that microscope is requested for classes . Biology in Creation textbook, test manual, and solution manual							A If you own a (optional) Apologia Advanced	
Description								
This is the lab portion only to Apologia Advanced Biology in Creation. We will be dissecting a pig, a cat, several organs. We will be using a microscope to examine various tissues. We will learn to gram stain cells. We will examine models of skeletons and organs.								
Homework / Expectations / Other Info								
I will not be giving any written tests or homework. It will be up to the parent to decide how much of the book the student will be learning at home, and whether or not to administer exams. I will give a lab grade at the end of the year. I would highly recommend reading the chapters as we study them. I will provid a syllabus that will help you as the parent to make the labs relevant to what we are studying in lab.								

*Class Fees and Instructor Fees are per semester unless otherwise indicated in the Other Information. Materials fee is non-refundable.

* Credit Hours: COVE does not issue high school credits. These are suggested credit hours to be assigned by the parents. Suggested grade is given by teachers. Final grade assignment is the responsibility of the parent.
