Description								
Simply Music is based off the premise that "Everybody is musical" and "Anyone can play." It is a playing based method, Play first then learn to read. You introduce reading music after building a repertoire of songs from the program. The variety of music you learn to play quickly is: Contemporary, Accompaniment, Jazz, Blues, and Classical. Four Reasons this breakthrough method works: 1. Quantity of Music 2. Quality of Music 3. Speed they learn 4. Ease that they experience in learning to play. Four Goals we aim to achieve: 1. Produce students who love to play 2. Students who acquire a large and diverse repertoire of music. 3. Students will continue on to learn reading, theory, and the math of music. 4. Every student has a self-affirming experience with music throughout every process of the program.
