EXPLORING CREATION WITH ZOOLOGY 1: FLYING CREATURES OF THE FIFTH DAY by Jeannie K. Fulbright (Apologia Educational Ministries)								
Description								
Welcome to the world of God's amazing Flying Creatures. In this class we will be studying everything that has wings. Not only will your child learn about birds, bats, and flying insects but they will also investigate the dynamics of flight, learn classification skills and explore how the design we see in flying creatures points us towards our Creator. We will be putting two lapbooks together throughout the year in addition to many of the activities mentioned in the book.								
Homework / Expectations / Other Info								
Your student is expected to read 1/2 a chapter a week. In addition to chapter reading I will periodically send a crossword puzzle home with them. As an incentive I do reward those children with a trip to my treasure box for every FIVE crossword puzzles completed.								

\*Class Fees and Instructor Fees are per semester unless otherwise indicated in the Other Information. Materials fee is non-refundable.

\* Credit Hours: COVE does not issue high school credits. These are suggested credit hours to be assigned by the parents. Suggested grade is given by teachers. Final grade assignment is the responsibility of the parent.
