Description								
<p>Simply Music is based off the premise that "Everybody is musical" and "Anyone can play." It is a playing based method, Play first then learn to read. You introduce reading music after building a repertoire of songs from the program. The variety of music you learn to play quickly is: Contemporary, Accompaniment, Jazz, Blues, and Classical. Four Reasons this breakthrough method works: 1. Quantity of Music 2. Quality of Music 3. Speed they learn 4. Ease that they experience in learning to play. Four Goals we aim to achieve: 1. Produce students who love to play 2. Students who acquire a large and diverse repertoire of music. 3. Students will continue on to learn reading, theory, and the math of music. 4. Every student has a self-affirming experience with music throughout every process of the program.</p> <p>Payment Schedule and Requirments: As a Licensed Simply Music Teacher, I have to pay small Royalties at the beginning of every month from lessons I teach so I need to set up a Monthly Payment Schedule with each student, where they pay me for the whole month on the first lesson of every month. I will be creating a payment schedule to give to everyone who signs up for my class. (The \$180 referenced above will come out to \$12 per lesson.)</p> <p>Class time will be 40 minutes maximum.</p>								
Homework / Expectations / Other Info								
Practice daily , or atleast 5 times a week, 20-25 minutes in between weekly lessons. A parent required to sit in every class. Parent involvement is necessary for success. Every lesson I will be giving them what to practice week by week.
