none							yes	
Required Materials (To Be Supplied by Family)								
Apologia's Exploring Creation With Physical Science (2nd edition) by J. Wile. ISBN: 9781932012774								
Description								
<p>In this course we will explore several different topics concerning the physical world around us. We will take 2 semesters to cover most of the text. Class time will be devoted to lecture and module experiments. Students will be required to write 1 paper per semester. Since this is an entry level science class, we will also be discussing how to properly take notes and study for this type of class. Students will receive mid-semester and semester end progress reports and grades. Students who wish to have a deeper study and enjoy notebooking may want to consider purchasing the Student Notebook for this course. (Apologia - ISBN 978-1-935495-71-0)</p>								
Homework / Expectations / Other Info								
<p>Reading assigned weekly - 10-20 pages per week and study guide will be assigned. Lab reports will need to be completed at home and brought back the following week. A take home test will be given at the end of each module to be completed and returned to the instructor. (3-4 hrs per week)</p>								

\*Materials Fees and Instructor Fees are per semester unless otherwise indicated in the Other Information.

\* Credit Hours: COVE does not issue high school credits. These are suggested credit hours to be assigned by the parents. Suggested grade is given by teachers. Final grade assignment is the responsibility of the parent.
